if you want to argue more, it is alright with me. Senator Stahmer.

SENATOR STAHMER: I would just like to ask Senator a...a.. Emory one other question if I might. If we meet Monday would you need, would it be advantageous to have us not meet Tuesday so that you would have more time to do your work on that day or does it...or is it possible for you for instance roll Monday, Tuesday, Wednesday and/or Thursday?

MR. BURNETT: I doubt that I can get 50 bills engrossed from Monday to Tuesday Senator, AND THAT is what I'm going to be faced with.

SENATOR STAHMER: That is what I thought. I am not trying to delay things here, I'm trying to help you. I'm just wondering if we wouldn't be....to keep you and your whole staff a-going that it wouldn't be better to take Tuesday off to pick up everything that we are going to be doing Monday. We will probably work here until 9:00 that night.

SPEAKER: The Chair would suggest as a matter of order, that I know that you like to get all of these things planned ahead of time but there are so many contingencies that if we do meet Monday we can decide that then.

SENATOR STAHMER: I just wanted his opinion while he was here now and let the other members be thinking about it.

SPEAKER: That is your opinion Mr. Burnett?

MR. BURNETT: Yesterday morning Mr. Speaker, I said that I wanted to leave options as for meeting Tuesday, I certainly then did not anticipate what was going to happen to me today. Right now, it looks to me like Tuesday would be a day that you would not meet. If you want a very substantial number of these bills that are moving off General File today to be reported to Final Reading.

SENATOR STAHMER: Thank you, that is what I thought.

SPEAKER: Senator Barnett.

SENATOR BARNETT: Do you have any motions up there?

CLERK: Nope,

SENATOR BARNETT: I think that I would like to try one. The motion is that we have got a lot of bills that these fellows have waited on General file for, I for one want to stay and help them as they helped me earlier. Then I think that Senator Duis and Marvel have concern over on E & R and Select. I would like to make a motion.

SPEAKER: Let me ask first. Is there a motion on the desk Mr. Clerk?

CLERK: No.

SENATOR BARNETT: I would like to make a motion that we recess until 6:00 and come back here and finish our business on General File, with the same rules, 10 minutes that we have been doing and then take up if we have any time, which I don't think that
